Dear FCA Parent:

Over the past thirteen years, Fellowship Christian Academy (FCA) has been blessed to partner with parents in the holistic development of their children under the direction of Dr. Shailendra Thomas as principal. As we move forward into the 2011-2012 school year, Dr. Thomas will be serving in a different role with FCA that will assist us in continuing to enhance our academic programs. In light of our transition, the Education Committee of FCA has been in a rigorous process to identify FCA's new leader. After a thorough search, we are very excited to introduce the new principal of FCA, Mr. Victor Jones.

Mr. Jones has been in education for the last 9 years serving in teaching, assistant principal and principal capacities. In his prior principal assignment, he opened a new school where he set a positive student and faculty climate and culture and involved parents and the community to ensure that students' interests were met. Mr. Jones received his Master's degree in Education Administration from the University of North Texas and his B.B.A. Business Information Systems from Tennessee State University. Mr. Jones prides himself in building positive relationships with students, parents, and the community as well as integrating technology in the classroom. Mr. Jones is a proud husband and father and boasts of the intellect of his son through the education he receives through FCA.

FCA will have a couple of ways we will be celebrating the accomplishments of Dr. Thomas in the fall and spring of this school year. We will share the specific details about our times to honor Dr. Thomas in the near future.

FCA continues in its commitment to you and your child in providing *a superior education in a nurturing Christian environment that enables children to reach their highest academic potential*. We are excited about our future partnership with you and what God is doing here at FCA. Please feel free to contact me, should you have any additional questions.

Sincerely,

Marcus Bellamy
